Profile

Junior Front-End Developer with experience in React, HTML, CSS, and JavaScript, gained through SheCodes workshop projects. Skilled in building responsive web applications, integrating RESTful APIs, and applying creative design principles. Strong background in financial reconciliation, with proven analytical and problem-solving abilities. Known for being proactive, adaptable, and detail-oriented. Currently seeking my first professional opportunity to contribute to a development team and continue growing as a developer.

Work Experience

BNP Paribas – Security Services and Financial Markets Reconciliation Team

- **Analyst – Reconciliation Team** (Jun 2022 – Sep 2025)
  - Reconcile financial transactions between internal systems and external sources to ensure accuracy
  - Identify and investigate discrepancies (breaks), resolving outstanding issues efficiently
  - Collaborate with Finance and Operations teams to reduce recurring breaks and improve processes
  - Prepare weekly and monthly financial reports for internal review and audit purposes
  - Maintain compliance with internal policies and regulatory standards
  - Contribute to process improvements and automation initiatives to enhance reconciliation efficiency
- **Internship** (Jun 2021 – Jun 2022)
